

Organic Original

Fully Certified Organic
Free of GE Ingredients
12 Months Shelf Life
Made in Henderson NZ

Phoenix was one of the first organic drink companies in New Zealand when we kicked off in 1986.

Founded in the garage of a few friends - Phoenix beverages first appeared in the form of an organic, brewed Ginger Beer. Since then we have expanded into tonnes of different types of drinks from Organic Juice to Infused Sparkling Water, to Chai Syrup for your coffee.

Given it's now 2020, it's fair to say that Phoenix has been a part of the lives of Kiwi generations for 34+ years!

It's been one hell of a ride with some real highlights such as throwing Phoenix festivals in Kingsland, getting amongst all the colours of Splore festival and the swag of NZ Fashion Week. Plus, cleaning up rubbish off Rangitoto island and supporting friends on their missions to conquer the world; such as pro surfer Ricardo Christie.

Our most proud partnership however is undoubtedly with Sustainable Coastlines – a charity who roll up their sleeves to protect our beaches and waterways. We are a brand that cares about Kiwi's and our natural environment.
